## Chapter 15 Studying Sexual Selection By Ikuya Daikokudou

From MangaBox/Comic Walker

Scandlation by Albedo

"Borderless" (Kyoukan no Nai Sekai) was originally published on Manga Box free to read on the web in both English and Japanese. It was eventually published as a tanko in three volumes (buy the books!)

This is where it gets complicated... Chapter 15 on Manga Box was the end of a story arc (the Yui/Kei/Yon triangle) but after the series got a paper publication this chapter was never officially translated into English. Subsequent chapters were released on Comic-Walker but only in Japanese.

The chapter numbering also got messed up – the chapter numbered 15 on Manga Box was reprinted as chapter 13 in the tanko (a couple of early short Manga Box chapters were smushed together for publication). The second arc's Web publication in Comic-Walker and the tankos starts on chapter 14. Translation releases will use the tanko/Comic-Walker chapter numbering from now on.
